

ANNOUNCING

FAIRY TALE THEATRE SOCIAL GROUP!

Join us Saturday from 3pm – 4pm starting in January!

InterAct is proud to share that we will be running a theatre based social group for children ages 3-6 on Saturdays. Our sessions will explore two different fairy or folk tales, giving our young learners a chance to be exposed to a variety of characters, plots and themes.

The group will be co-facilitated by Anne Freilich a certified Speech Language Pathologist, who specializes in pragmatics and Gianna Cioffi an arts integration specialist with her masters in Educational Theatre.

Each week, children will engage in theatre and other arts based activities that have been selected to target pragmatic language as well as encourage the development of social emotional learning.*
